Dearest Percy.

Another letter to cheer you up a little. Make the best of your rest because you may not get another one for a long time.

Hope you enjoy the parcels that are sent out to you. I am in hopes of seeing you Christmas or soon after. I am getting settled down to my work now & like it very much. Mr

Porter is still as slack as ever, I go up of an evening to chess him up a bit. I went to the Boys Club last night for the first time, there are 2 Billiard tables there & I had a good game. We have not

a very nice week end with Maude
& Bert. Nearly every body I pass
in the street enquire about you,
on every persons lips are the words,
"Have you heard from Percy." You
must be nearly frozen up out there,
with all your woolen things, it
is very cold here. I do miss you
at bedtime Perc, sometimes I wake
up in the night & wish that you
were in a nice bed. Hope you have
a nice Christmas with all the
things that we are sending you.

Now must close with lots of
love from,

Yr Loving Brother

Reg.
